

UX/Product Designer specializing in user research, prototyping, and data visualization.

EXPERIENCE

UX Design Intern | QuantivRisk

June - September 2026

UX Design • Product Design • Data Visualization

- Designed end-to-end workflows for CrashView, an accident investigation platform that leading national auto insurers use to analyze crash data.
- Designed 42 screens for two new features, accident reanalysis and crash video uploads, from wireframes to developer handoff.
- Created user guides and onboarding documentation so insurance teams could navigate CrashView.
- Designed passwordless login with Microsoft passkeys to simplify secure sign-in.
- Redesigning the QuantivRisk company website in Figma, improving information architecture and responsive layouts.

Web Designer & Developer | Chaffin Gallery

July 2026 - Present

Website Development • Brand Identity • Social Media

- Designing and building the gallery's website to showcase exhibitions and sell artwork online.
- Collaborating with artists to present their artwork for sale.
- Integrating Stripe, the Shippo API, and QuickBooks to streamline point-of-sale, shipping, and bookkeeping.
- Creating print and social media materials to promote the gallery and its exhibitions.

EDUCATION

August 2025

SKILLS

Design

UX Research • Prompt Engineering • Affinity Mapping • Information Architecture • Wireframing • Prototyping • Usability Testing • Data Visualization • Responsive Design • Design Systems • Iterative Design

Software

Figma • HTML • CSS • JavaScript • Adobe CC (Photoshop, Illustrator, InDesign) • Miro • GitHub • Claude Code

UX PROJECTS

E-Commerce Website | Second Hand Blues

August 2026

AI-Assisted Development • E-Commerce UX

- Designed and developed an e-commerce website for my vintage clothing business using Claude.
- Integrated Shopify APIs to manage the product catalog, inventory, and store operations.
- Evaluated shopping and product-discovery patterns to inform navigation and product presentation.
- Visit [Second Hand Blues](#)

iOS App Prototype | Adulthood

April 2026

User Research • Prototyping • Usability Testing

- Interviewed 13 users (ages 18-22) to find productivity pain points and guide design decisions.
- Designed personalized onboarding and task management features based on research insights.
- Improved navigation and task flows through 3 rounds of usability testing on interactive Figma prototypes.
- Visit [Adulthood Case Study](#).

Cross-Cultural Storytelling | Huế, Vietnam

June 2025

Interactive Storytelling • Multimedia Design

- Collaborated with students at Huế University of Foreign Languages to develop a multimedia storytelling website about local culture.
- Produced a podcast and promotional video using Audacity and DaVinci Resolve.
- Visit [VietnamStorytelling](#)
